

## THE NAIROBI HOSPITAL

---

---

### Career Opportunities

---

The Nairobi Hospital, a leading healthcare institution in Eastern Africa has an excellent career opportunity for an individual who possesses a passion for excellence, a strong work ethic, is results-oriented and is committed to continuous improvement. The successful candidate will be a team player with the ability to effectively add value to enabling good patient outcomes and shape the best clinical and non-clinical practice in line with our Strategic Plan (2019-2024).

#### Medical Officers - ICU

REF: TNH/HRD/MO-CU/12/2022

Reporting to the Team Leader - ICU, the successful candidates will be responsible for providing curative, superior interventional, and preventative medical care in the critical care units.

#### ROLES AND RESPONSIBILITIES

- Ethically reviewing and instituting appropriate therapeutic interventions for patients admitted to critical care units or requiring critical care across the hospital.
- Reviewing patients in other units where CCU/HDU support is needed and making appropriate decisions on interventions required.
- Assisting in coaching and mentoring of nursing staff on various aspects of critical care and management of critical illness.
- Performing medical procedures expected of a CCU medical officer.
- Ensuring that high standards of diagnostic accuracy and patient care are maintained
- Preparing medical reports and other clinical documents as required
- Ensuring professionalism and timeliness in the handling of clients at both individual and departmental levels
- Participating in continuous medical education and the development of departmental clinical protocols, quality improvement plans, and initiatives
- Participating in research, clinical audits, and review programs for the department
- Ensuring consistency in the clinical protocols and provision of care.
- Ensuring regular and adequate communication with patients and relatives on clinical progress.
- Advocating for excellent patient care and outcomes.
- Any other responsibilities that may be assigned by the supervisor from time to time.

#### EDUCATION AND EXPERIENCE

- Bachelor of Medicine and Bachelor of Surgery

- Valid annual practice license
- Advance Cardiac Life Support, Advance Trauma Life Support, BASIC, Pediatric Advanced Life Support (added advantage).
- Sound diagnostic skills and judgment
- Point of care ultrasonography
- Excellent problem-solving and decision-making skills
- Effective communication skills
- Detailed oriented and good interpersonal relations.
- Must be well organized and can plan to deal with care issues as they arise.
- Must be thorough and proactive to ensure quality care and positive outcome.
- Must be able to work closely with a multi-disciplinary team.
- Prospective candidate should not be in full-time schooling

If your background, experience and competence match the above specifications, please send us your application (cover letter & CV/Resume) quoting the job reference number, your current, testimonials and full contact details of 3 referees, to reach the undersigned not later than **15<sup>th</sup> December 2022**. Only shortlisted candidates will be contacted. We shall **ONLY** accept **ONLINE** applications and contact **SHORTLISTED** candidates.
