

THE NAIROBI HOSPITAL

ENVIRONMENTAL POLICY STATEMENT

TNH/MR/POL/002

The Nairobi Hospital is committed to protecting the environment and responding to changing environmental conditions that influence opportunities to enhance beneficial environmental impacts.

Scope:

This policy is applicable to all activities carried out in the Hospital and outpatient centers either by ourselves or on our behalf.

The Hospital is committed to:

1. Integration of environmental management into the Hospital's processes as well as other Hospital standards.
2. Identification of environmental aspects and risks related to our processes and prevention/mitigation of any related adverse effects.
3. Fulfilment of regulatory, statutory and other applicable compliance obligations.
4. Provision of a safe environment for patients, staff, visitors and other stakeholders.
5. Prudent waste management programmes.
6. Setting environmental targets and tracking achievement of the Hospital key environmental performance indicators including environmental risks and opportunities.
7. Provision of required resources for effective management and implementation of Environmental Management System.
8. Continuous training on Environmental Management System.
9. Ensuring employee's individual as well as collective responsibility for the effectiveness of the Environmental Management System.
10. Communication of this policy to staff and other stakeholders and relevant interested parties.
11. Continual improvement of the Environmental Management System.

All employees and relevant interested parties are expected to comply with this policy.
