

THE NAIROBI HOSPITAL

Career Opportunity

The Nairobi Hospital, a leading health care institution in Eastern Africa has an excellent career opportunity for an individual who possesses a passion for excellence, strong work ethic, results oriented and committed to continuous improvement. The successful candidate will be a team player with the ability to effectively add value to enabling good patient outcomes and shape best clinical and non-clinical practice in line with our Strategic Plan (2019-2024).

RADIOTHERAPIST

REF: TNH/HRD/RT/03/2023

The overall purpose of this job is to carry out treatment for oncology patients in line with approved treatment plans, established protocols and the Hospital's patient care objectives.

ROLES AND RESPONSIBILITIES

- Receive, identify and verify the patient details to ensure that patient name and photo corresponds with the patient physically present for treatment.
- Confirm the patients' treatment plan in the system and the physical file to ensure accuracy and precision in the treatment.
- Educate the patient on the applicable oncology instructions and guidelines related to the treatment.
- Prepare the treatment room in line with the requirements in the patients' treatment plan.
- Prepare and position patients in the radiotherapy machine in line with the simulation.
- Carry out shift movements in line with the treatment plan.
- Carry out a portal imaging with the radiotherapy machine to verify the treatment setup.
- Place markings on the patients' treatment area or mobilizing devices to ensure accuracy during treatment.
- Reconfirm the patients' treatment parameters from the physical file and the system to ensure accuracy and precision.
- Administer radiotherapy treatment to patients in line with the treatment plan and ensure strict adherence to radiation safety guidelines.
- Liaise with the Medical Records Officer to schedule patients for subsequent treatment sessions.
- Document daily treatment records in the radiotherapy file for review by the Chief Oncologist.
- Receive and record patients' feedback on treatment side effects in the radiotherapy file to ensure effective management of the side effects; and

- Any other responsibilities that may be assigned to the job holder by the supervisor from time to time.

EDUCATION AND EXPERIENCE

- Diploma in Radiotherapy or Radiation Technology from a recognized institution.
- Must be a registered member with the relevant registration body and hold a valid practicing license.
- Minimum of 3 years' radiotherapy experience.
